LOVE STINKS:

Friday, February 16th, 2018 7:45pm

On the 14th of February of every year someone, in a gesture of romance, cuts the roots off a flower and hands its dying corpse to someone who will set its slowing rotting body on their dinner table until the petals begin to fall off and the last bits of life energy and beauty are sucked dry and the once beautiful flower is finally tossed into the trash where it will be carried away to the landfill.

At our "Anti-Valentine's Day" Party, we will celebrate those of us who think that giving a beautiful person an entire box of chocolates to engorge themselves on and get fat is just cruel and oppressive behavior at best.

(just kidding, it's all in fun)
